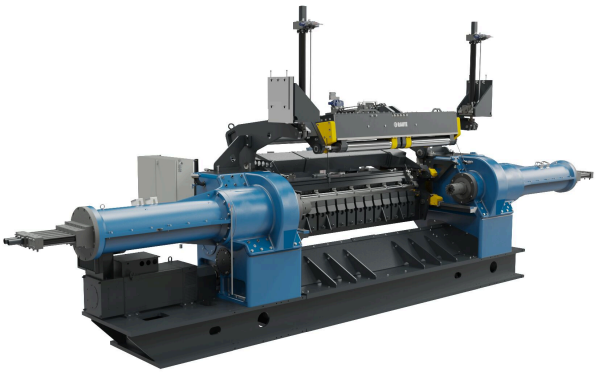
Veneer Lathe R7



Peel high-quality veneer from all raw materials. Reach maximum capacity through automation and benefit from the flexibility of modular lathe technology.

TECHNICAL DETAILS

Block Diameter (mm)	140 - 1200
Minimum Core Diameter (mm)	55
Peeling Speed Up to (m/min)	360
Peeling Method	With Spindless
Knife Change	Manual
Block length nom. (ft)	3 - 11
Powered Roller Bar	●
Fixed Nose Bar	●
Number of Spindles up to	3
